February Meeting

Valentine's Day was very appropriate for the North Central Michigan College

student services program, which Womens Club grants supported in 2023, because it was clear the staff love what they do.

After Chelsea Platte, vice president for Advancement, thanked the group for the grants, Renee DeYoung, vice president of Student Affairs, gave information about tuition costs at NCMC and how important financial aid is to students. Stephen Strom, vice president of Academic Affairs, explained the two primary missions his department deals with: transfer education and workforce development and training. The final speaker was Christy Lyons, dean of Corporate & Community Education, who explained how the Fast Track program works and again thanked the group for its donation to this important program.

Julia also mentioned the raffle ticket sales for 2024, noting that she will be distributing them at the March meeting and hopes everyone will participate 100 % so that we can continue to support local organizations like NCMC.
